INTERNATIONAL TALENT MAGAZINE

February 14, 2022

Dear ,

The Editorial Board of *International Talent* cordially invites you to submit photos on the theme of “China in My Eyes”. The solicitation aims to use photos from foreign experts and international friends to vividly present the great achievements of China’s economic and social development over the past decade from an international perspective.

Founded in 1989, *International Talent* is a Chinese/English bilingual monthly periodical published by Foreign Talent Research Center of the Ministry of Science and Technology of China, and enjoys a wide readership across both its print and online versions. The mission of the magazine is to “pool the wisdom of the world’s top minds”. We are committed to promoting talent exchanges and collaboration between China and other countries, while sharing related stories with Chinese and foreign readers. The magazine primarily features articles introducing China’s development in the fields of science, technology and innovation as well as economy and society, relevant talent policies, personal experience of foreign experts in China, and the internationalization of Chinese universities, etc. Readers of the magazine include foreign experts working in China, Chinese and foreign talents, Chinese agencies or companies employing foreign experts, researchers, policy-makers in the Chinese government, etc.
